Week ending 7th April 1899	...	*1	41	35
Week ending 14th April 1899	...	...	32	35

There having been no indigenous case in the City for the past 4 weeks and no case of any sort for the past 2 weeks, as soon as the Cantonment can show a clean bill of health for 15 days, the city will be declared free from infection and removed from the list of the infected areas.

During the week, the number of arrivals was 1,753, and the total population of the City was estimated at 61,506 as against 60,711 at the end of the previous week.

III. The figures for the Health and Segregation Camps were as follows :—

	Remaining.	Admitted.	Discharged.	Developed plague.	Remaining.—
Health Camps ...	519	59	15	...	563
Segregation Camp ...	1	1	1	...	1

IV. During the week under report there were 92 first and 3 second inoculations, bringing the totals to 33,840 and 1,381, respectively. No inoculated person was attacked with plague during the week.

V. The Hospital figures were as follows :—

	Remaining.	Admitted.	Discharged.	Died.	Remaining.
For the week ...	...	...	...	...	...
Since commencement ...	...	2,097	742	1,355	...
Inoculates ...	...	106	65	41	...

There were no patients in the hospital during the week.

VI. The number of houses disinfected during the week was 195 as against 246 in the previous week; of these, 112 were deserted houses, 40 were plague-infected, and 43 were locked-up ones opened under Government Notification No. 5235—Pg. 21-96, dated 15th October 1898.

VII. During the week under report, permission was given to re-occupy 113 houses, and no charge was levied for disinfecting 29 houses; 1 house was disinfected by the owner himself and the charges realised from the remaining 83 amounted to Rs. 152.

VIII. The cost of road-work and earth-work in the Basavanagudi and Malleswaram extensions, carried out during the week, amounted to Rs. 3,048 as against Rs. 2,350 in the previous week, bringing the total amount spent up to date to Rs. 56,634.

IX. The number of infected houses and houses unfit for human habitation demolished during the week was 24, the total number demolished up to date being 490.

X. During the week 3 persons were prosecuted for violating the Epidemic Diseases Regulation as against 5 in the previous week: all the three were convicted and fined in sums varying from one rupee to three rupees each.

XI. During the week 545 in-coming passengers, or a daily average of 77·86, were disinfected with their effects at the City Railway Station.

Mysore State outside Bangalore.

XII. The accompanying weekly return shows the state of the Epidemic in the Province. During the week under report the number of cases decreased in the districts of Bangalore, Kolar, including Gold Fields, and Tumkur, while in the district of Mysore, there was a slight increase.

XIII. In the Bangalore district excluding Bangalore City, the number of cases decreased from 14 to 12. In the taluks of Bangalore, Devanhalli and Magadi in which there were no cases in the previous week, there were during the present week 1, 5 and 5 cases respectively. In the last named taluk which had been free for six successive weeks, one village was newly infected during the past week. In Channapatna the number of cases decreased from 4 to 1. The taluks of Anekal, Nelamangala, Hoskote and Dodballapur which had a few cases last week had none during the present week. Closepet sub-taluk and Kankanhalli taluk have now been free for two and three weeks respectively. Cases occurred in ten villages on the whole in the district as against 13 during the past week.

XIV. In the Kolar district excluding Gold Fields, the number of indigenous cases decreased from 10 to 2 cases, both of which occurred in the Kolar town. Bowringpet which had 10 indigenous cases during the previous week had none this week and the whole of the lower and more insanitary part of the town has been evacuated.

In the Gold Fields, the number of indigenous cases dropped from 75 to 47. The following statement shows the number of cases and deaths in several mines for the past 4 weeks :—

Good progress has been made in the evacuation of infected villages on the Fields and in the erection of improved lines for coolies on the mines. Every mine is working and though some are a little short-handed there are signs that the coolies who left at the first outbreak of the plague are now beginning to return, while the plague itself may now be expected to rapidly decline.

XV. In the Tumkur district there was only one case during the week as against 8 during the previous week, the single case occurring in a village in the Tumkur taluk.

XVI. In the Mysore district excluding Mysore City, the number of cases increased from 7 to 10, 5 cases occurring in the Seringapatam town and 5 cases in two villages in Mysore taluk.

XVII. In the Mysore City the figures were as follows :—

	Plague cases.	Plague deaths	Total mortality.	Normal recorded mortality during the same period for the past 5 years.
For the week ending 24th March 1899 ...	73	70	120	36
For the week ending 31st March 1899 ...	69	59	101	36
For the week ending 7th April 1899 ...	64	54	101	31
For the week ending 14th April 1899 ...	35	40	87	31

In spite of the heavy showers during the week and the consequent rush to return to their houses by those camped out round the city, there was an appreciable decrease of 29 in the number of cases and of 14 in the number of deaths.

XVIII. The total number of arrivals during the week was 1,493 as against 1,785, that of departures 1,253 as against 1,483, and the total population including the people living in the sheds beyond the Municipal limits, at the close of the present week was 62,829 as against 62,652 at the end of the previous week.

XIX. The figures for the Segregation Camp were as follows :—

	Remaining.	Admitted.	Discharged.	Developed plague.	Remaining.
For the week	12	6	8	...	10
Since commencement	...	575	533	32	10

XX. There were 12 first and no second inoculations during the week, bringing the totals from commencement to 29,879 and 94 respectively.

XXI. The Hospital figures were as follows :—

	Remaining.	Admitted.	Discharged.	Died.	Remaining.
For the week ...	63	...	11	1	51
Since commencement ...	...	253*	70*	132	51

XXII. 99 houses were disinfected in the Mysore City during the week as against 218 in the previous week, the total number of such houses disinfected from the commencement being 2,354.

XXIII. 578 persons, or a daily average of 82 were disinfected at the Mysore City Railway Station.
